noted.

be present what is  
condition of the  
aneous tissues?

(When injuries are  
ous and cannot be  
oned within the space  
ble they should be  
oned on a separate  
which should be

injuries discovered by  
examination, or  
as fractures etc.

None

you say definitely  
the injuries shown  
against serial Nos. 17  
and 18 are ante mortem  
injuries?

Yes, Antemortem

- 1 Fracture of bone of left radius and ulna lower 1/3
- 2 Fracture of bone of right femur bone at middle 1/3rd
- 3 Lacerated wound of size 5 cm X 1 cm X muscle deep present over  
, underlying margins irregular;
- 4 Contusion of size 12x10 cm present over right forehead, vertically ob  
, underlying margins irregular;
- 5 Lacerated wound of size 1 cm X 1 cm X muscle deep present over rig  
, underlying margins irregular;
- 6 Lacerated wound of size 4 cm X 4 cm X muscle deep present over left  
underlying margins irregular;
- 7 Graze abrasion of size 12x4 cm present over left chest 5 cm lateral to  
, vertically oblique, reddish.
- 8 Lacerated wound of size 1 cm X 0.2 cm X muscle deep present over left  
cm below left nipple, underlying margins irregular;
- 9 Lacerated wound of size 2 cm X 1 cm X muscle deep present over Right  
posterior aspect, underlying margins irregular;
- 10 multiple Contusion of size 5x0.5 -1x0.5 cm present over left hand po  
aspect, vertically oblique, red.
- 11 Lacerated wound of size 14 cm X 6 cm X muscle deep present over right  
upper 1/3 antero-lateral aspect, underlying margins irregular;
- 12 Contusion of size 4x2 cm present over left knee, vertically oblique, red.

**Examination-**

Under the scalp,  
nature.

Underscalp haematoma present over left fronto-parieto-temporo-occipital region of size 14x9 cm , reddish colour.

Vault and base-
