*(Signature)*

Medical Officer  
Sub-District Hospital  
Rambhadr, Dist - Nagpur

\*The Spinal Cord need not be examined unless there are any indications of disease, Strychnia poisoning or injury.  
Note.—The report must be written and signed immediately after the examination. Medical Officers will at once  
despatch a duplicate copy to the Civil Surgeon of their district for record in his office.  
Great care should be taken not to cut the viscera before they have been inspected *in situ*.
